

Milan, 13 October 2022

### On October 14, a new appointment with the DiCultHer webinars

The weekly appointments that DiCultHer dedicates to the theme of Digital Culture as a factor in the development of the country and Europe for a new European Bauhaus continues”.

After the restart of the weekly appointment which took place last week, this Friday the webinar will see alternating speakers and technicians of great importance from the world of Italian education, culture and technology. The webinar will take place on October 14, starting from 3 pm. The title of next meeting is **"Dialogues", History between two shores: Italy / Europe and Brazil For new original knowledge inspired by the ethical approach to history between Italy and Brazil"**

The use of digital media for the understanding and preservation of cultural heritage has come to greater prominence, both for demographic reconstruction and the preservation of historic sites, as highlighted by the various experts who took part in the in-depth webinars as part of a networking project between the Italian and Brazilian scientific and educational communities (see the webinar of 20 May u.s. <https://www.diculther.it/blog/2022/05/19/webinar-46-del-20-maggio-2022-history-dialogues-between-the-two-shores-italy-brazil>).

Riding the wave of success achieved in the past, DiCultHer has planned a busy agenda of events, which agenda you can find here: <https://www.diculther.it/webinar-settimanali-ottobre-2022-maggio-2023>. New this year is the Badge that participants will be able to obtain at the end of each individual seminar.

**#DiCultHerDigitalBadge** is an essential tool for the certification of #microcredentials deriving from participation in the activities promoted by #DiCultHer: webinars, participation in #HackCultura, the Digital Culture Weeks, the Digital Cultures magazines and more.

Directed at implementing a shared European approach to micro-credentials for lifelong learning, the #DiCultHerDigitalBadge aims to allow the active participation of the reference communities in DiCultHer activities, recognizing the skills they acquire, for their personal, social, and professional development.

The Badge, an essential part of the #EdVerso protocol, was created with the aim of achieving a shared system for the enhancement of the skills, credits and professionalism acquired in the field of education and culture. It is also part of a process launched on 2 September 2019 in Matera by the #DiCultHer Association together with #LutinX (formerly Lirax), an innovative American company in the Blockchain sector. Since the #DiCultHerDigitalBadge is a tool for certifying participation in the activities promoted by #DiCultHer and its partners, it will be made available exclusively to teachers and students who participate in the various activities.

### HOW TO GET THE BADGE

As a first step, you need to register for the online event, which you can easily do by following this link: <https://www.diculther.it/webinar-settimanali-ottobre-2022-maggio-2023>

Then follow these easy steps by downloading the attached PDF:
