

Milan, 20th October 2022

At Gender School Educating for Equality and Non violence

The weekly appointments that DiCultHer dedicates to the theme of Digital Culture as a factor in the development of the country and Europe for a new European Bauhaus continues.

After the restart of the weekly appointment which took place on October the 7th, the seminar of November the 4th will see alternating speakers and technicians of great importance from the world of Italian education, culture and technology. The fourth #DiCultHer webinar of the 2022-23 series, scheduled for November 4, 2022 at 15: 30-18: 00 , is entitled: **“A Gender School: Educating for Equality and Non-violence ”**.

To support the integration of the gender dimension in all Union policies and to place the issue of education for equality at the center of public and cultural debate in Europe. This is a “transversal” project to all #DiCultHer activities, to support the integration of the gender dimension in all our activities.

Riding the wave of success achieved in the past, DiCultHer has planned a busy agenda of events, which agenda you can find here: www.diculther.it.

New this year is the Badge that participants will be able to obtain at the end of each individual seminar.

#DiCultHerDigitalBadge is an essential tool for the certification of #microcredentials deriving from participation in the activities promoted by #DiCultHer: webinars, participation in #HackCultura, the Digital Culture Weeks, the Digital Cultures magazines and more.

Directed at implementing a shared European approach to micro-credentials for lifelong learning, the #DiCultHerDigitalBadge aims to allow the active participation of the reference communities in DiCultHer activities, recognizing the skills they acquire, for their personal, social, and professional development.

The Badge, an essential part of the #EdVerso protocol, was created with the aim of achieving a shared system for the enhancement of the skills, credits and professionalism acquired in the field of education and culture. It is also part of a process launched on 2 September 2019 in Matera by the #DiCultHer Association together with #LutinX (formerly Lirax), an innovative American company in the Blockchain sector. Since the #DiCultHerDigitalBadge is a tool for certifying participation in the activities promoted by #DiCultHer and its partners, it will be made available exclusively to teachers and students who participate in the various activities.

HOW TO GET THE BADGE

As a first step, you need to register for the online event, which you can easily do by following this link: <https://www.diculther.it/webinar-settimanali-ottobre-2022-maggio-2023>

Then follow these easy steps by downloading the attached PDF:
